

Towels and Table Linen.

Just received our new spring shipment of linen direct from BELFAST, IRELAND, these come direct from the maker's looms to our store, thereby saving you the regular jobbers' profit which is from 8 to 15 per cent. Don't miss this chance to buy your linens at wholesale prices. We can only mention a few of the many chances.

- 1 lot of towels, colored bordered, fringed ends, good size, 10c a pair or 55c a dozen.
- 1 lot of large size towels 29x42 inches; deep colored border, fringed ends, worth 35c a pair, now 20c a pair or \$1.10 a dozen.
- 1 lot pure linen damask towels, colored borders, fringed ends, large size, other stores sell them for 40c, our price 25c a pair or \$1.35 a dozen.

1 lot of turkey red table damask, fast colors, 60 inches wide, 3 different patterns, worth 35c a yard, now 20c a yard. Also a better grade than above, 72 inches wide, 30c a yard.

1 lot of FULL bleached linen table damask 65 inches wide. This is not the starched kind, but free from all dressing, made of linen worth 40c a yard. Our price 25c a yard.

1 lot of bookfold napkins made of pure linen, full 20x20 inches. These come in four patterns. You have paid \$1.50 and got no better. Our price \$1.05 a dozen.

1 lot of pure linen dresser or sideboard scarfs with colored centers and fringed, also handsomely drawn worked. The shrewd housekeeper will see these are readily worth 90c to \$1.25 each—while they last 45c each.

What is 25,000 miles?
It is the circumference of the earth. It is also a thirty-six hour journey of the new Barwell ball and roller bearings.
That is an astounding statement.
Take your pencil and figure it out. The new Barwell bearing is used in a machine for Flowering bearings in the Toledo factory of the Lozier Manufacturing Company having a speed of 350 revolutions per minute. As a 28-inch bicycle wheel was fitted to this bearing, it would make 100 feet with each revolution. At the rate of 35,000 revolutions minute it would take a little less than thirteen hours to make the trip around the world. It's the Barwell ball and roller bearing that does the work.

The best of everything with this
